

K-Love is pretty much the only christian radio station in my area. They are commercial, which is great. They don't play anything objectional like other stations. Changing K-Love's format by making it an LPFM broadcaster would hinder the positive messages being proclaimed by introducing questionable material to the listening audience. K-Love's uninterrupted broadcast are in the public's best interest because they play positive music and positive programs th help to uplift everyone in the community.
